

Under The Weather Hangs Their Dial-A-Dose Syringe With A Clear Do-It Bottle Neck Hang Tab

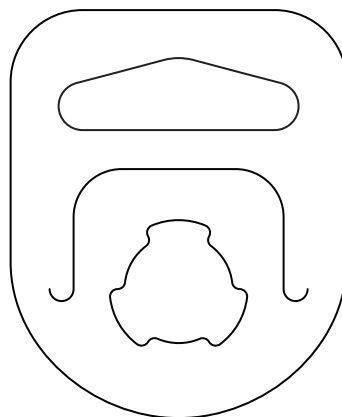

When Under The Weather was looking for a clean, simple way to hang their large Dial-A-Dose high-calorie food supplement syringe Do-It Corporation provided a solution. The 2-BDL Bottle Neck Hang Tab slips easily over the syringe cap and securely hangs the 3.5-ounce pet food delivery device.

The unique die cuts on the 2-BDL allow the hang tab to slip over the top of the container and fit securely under the cap. The clear bottle neck hang tab is nearly invisible and doesn't block any key product information.

Placing this bottle neck hang tab on the syringe allows store personnel the option of placing the product in a bin, on a shelf or to hang this product on a peg hook anywhere in the store. More display options means increased product visibility, and ultimately, increased sales.

Do-Its 2-BDL Bottle Neck Hang Tab lets store personnel decide where to display the large syringe — in a bin, on a shelf, or hang on a peg hook.
